

CISSP Accelerated Training Programme – 5 days

BENEFIT

Pass the (ISC)2 CISSP exam at the first attempt. Only 4% of delegates have had to resit the course. Learn from experts with complete revision programme and practice exams.

Includes free copy of the (ISC)2 CISSP CBK official study guide.

FORMAT

Classroom sessions from 09:00 to 17:00.

Evening sessions for informal Q & A.

QUALIFICATION

Build your career in senior management in cyber security by achieving the (ISC)2 CISSP qualification. Exam not included in course.

Free attendance on a future course if you are unsuccessful in the exam first time.

The (ISC)² CISSP (Certified Information Systems Security Professional) certification is recognised as the must-have qualification for developing a senior career in information security, audit and IT governance management. Held by over 30,000 qualified professionals worldwide, a CISSP qualification demonstrates proven experience and is the key to a higher earning potential in roles that include CISO, CSO and senior security manager.

The CISSP Accelerated Training Programme provides an intensive and complete preparation to ensure that delegates pass the (ISC)2 CISSP examination at the very first attempt. Delivered in just five days, this course has been designed to maximise time effectiveness and reduce unnecessary time away from the office.

WHAT WILL YOU LEARN?

1. Learn quickly in an interactive classroom environment

This session is presented by Geraint Williams, who is CISSP, CISA, CISM and PCI QSA qualified, and a highly experienced information security consultant. Geraint will present and review the information associated with the eight CISSP Domains that constitute the newest, 2015 version of the (ISC)² Common Body of Knowledge (CBK):

- Security and Risk Management
- Asset Security
- Security Engineering
- Communications and Network Security
- Identity and Access Management
- Security Assessment and Testing
- Security Operations
- Software Development Security

2. Evening support sessions

After the classroom training on the first four days of this programme, our trainer will be available in the evening for one-to-one discussion and Q&A, and to provide hints and tips on how to

approach the CISSP exam. These informal sessions are held in a nearby hotel and have proved invaluable to previous delegates, many of whom have also chosen to book their accommodation in the same location.

3. Supported final preparation

To provide continued support during the crucial exam preparation period, all delegates will have email access to our trainer, who will answer any last-minute questions as required.

EXAM

Please note that the (ISC)² CISSP examination is not taken during this training programme. Our training team will advise you on how to book your examination at an official (ISC)² exam centre in the UK. This course qualifies for 35 CPE/CPD points.

WHO SHOULD ATTEND THIS COURSE?

This course is designed for experienced information security professionals who require a complete programme of preparation prior to taking the (ISC)2 CISSP examination. Please note that, in addition to passing the examination, qualification for CISSP also requires delegates to have at least five years' work experience in the relevant CBK domains.

ENTRY REQUIREMENTS

While there are no mandatory requirements to attend this course, please be aware that this is an exam preparation course and all attendees are expected to have a basic understanding of the CISSP job practice knowledge domains.

THE COURSE INCLUDES

- Professional training venue with lunch and refreshments.
- Comprehensive revision documentation (digital copy provided as PDF file.)
- Free copy of the (ISC)2 CISSP CBK official study guide textbook.
- Certificate of attendance.
- Free attendance on future course if unsuccessful in the exam.
- Our courses are guaranteed to run. We never cancel a course.
