## Evacuation Chair Training

### Duration: 2 hours

This evacuation chair training course gives your staff confidence to safely evacuate people with mobility impairments in an emergency. A certified course that lasts 2 hours and covers both theoretical and practical training skills, and knowledge covering. The training is delivered at your site by a qualified trainer, giving you real hands on experience of an emergency evacuation using an evacuation chair. It is a legal requirement to ensure your staff are trained in the use of your evacuation chair and this training needs refreshing every two years

Training offering hands on practical training as well as theory & H&S advice.

### Course Overview

1. Equalities Act 2020
2. Manual Handling Techniques
3. Evacuation Chair User – Video (10 mins)
4. Practical use of Evacuation Chair

### Agenda

1. 30 mins theory (classroom)
2. 10 mins video (classroom)
3. Practical on site on client's Evac chair to understand manual handling techniques
